Marine Summit

26th November 2024

Hotel Kingsbury, Colombo, Sri Lanka

VOYAGE 2024
SRI LANKA
SAILING TO THE BLUE ECONOMY

Why Sri Lanka

Sri Lanka's strategic position along the world's busiest maritime routes

Key hub connecting major trading partners across Asia, the Middle East, Americas and Europe

Sri Lanka's Marine & Offshore Services and boat building industry are identified as emerging potential industries

Competitive labor costs, technical expertise in ship and offshore repair, boat building and shipbuilding. Immerging in oil & gas industry.

Our Strengths & Global Competitiveness

Three (03) Major Ports. Colombo, Trincomalee & Hambantota

Twenty Two (22) active Boatyards

Fifty four (54) Mainline Services

Six (6) Trade routes served

Land availability for investment

Sri Lanka is the 3rd best-connected country in the Middle East and Indian subcontinent and the 22nd best-connected country in the world.

Source: Liner Shipping Connectivity Index (LSCI)

Trincomalee Port is the world's 5th largest and 2nd best Natural Port. Depth 30 - 40m

Sectors In Brief

Marine & Offshore Services Sector (M&OS) is a key industry in Sri Lanka which is yet to grow to its full potential. Sri Lanka is blessed with several competitive advantages, compared to other regional countries who are reaping very lucrative benefits and strongly positioning for future opportunities.

M&OS Market segment focuses on catering the demand for ship repair, shipbuilding, Oil & Gas rig building / repair / servicing /offloading-loading, offshore engineering, oil field equipment manufacturing & servicing, catering marine & engineering services for the offshore support vessels and assets.

Boat & Ship building is a leading industry which is driving Sri Lanka towards greater industrialization. It contributes a significant share in the basket of exports and continues to grow, with a wide variety of products and services being offered to the international markets.

Sri Lanka's major Boat & Ship building products include, Multipurpose Platform Supply Vessels, Anchor Handling & Supply Vessels, Crew Boats, Passenger Vessels, Harbour Berthing/ Towing Tugs, Naval/ Coast Guard Vessels, Landing Crafts, Fire Fighting Vessels, Fishing Vessels.
