

## NOTICE

### Facilitation of Outreach through for National Priorities

The Government of Sri Lanka is currently advancing a set of priority initiatives under the National Digital Economy Blueprint and prioritizing the acceleration of digital growth and the positioning of Sri Lanka as a competitive regional hub. To ensure these initiatives are supported by world-class expertise, the government is keen to obtain the services of the vast talent pool of Sri Lankan professionals currently living and working overseas.

Accordingly, the Ministry of National Digital Economy and Information Communication Technology Agency of Sri Lanka (Private) Limited (ICTA) requests details of professionals whose expertise aligns with Sri Lanka's national digital priorities.

#### Key objectives of this initiative:

- Strategic Mapping: Developing a structured database of overseas experts who can contribute through advisory roles, technical inputs, or investment facilitation.
- Target Outreach: Identifying minimum of 100 Sri Lankan professionals in Poland
- National Alignment: this data will directly support the implementation of the Digital Economy Blueprint, for global investment and boosting digital exports.

#### Attached herewith are;

- Concept Note: Providing the full rationale and scope of the engagement.
- Data Template (Excel)

Sri Lankans in Poland consisting of the criteria indicated in the attached Concept Note are requested to complete the Data Template (attached), as your expertise is required to enhance Sri Lanka into a country well-equipped in digitalization, to favorably compete with the rest of the world.

Please email ([slemb.warsaw@mfa.gov.lk](mailto:slemb.warsaw@mfa.gov.lk)) the finalized Data Template to the Embassy to send to relevant authorities in Sri Lanka.
